

New York State Master Teacher Physics PLT is offering to STANYS Southern members:

Physics Demos by John Johnston

[The Darth Vader Disc](#)

[The Inverse Square Relationship](#)

[The "g" Stick](#)

[Free Falling Bodies](#)

[Vectors - forces and the inclined plane](#)

[Vector - velocities and river crossings](#)

[The Sail Cart](#)

John Johnston – the legendary Physics Demonstration guru will be presenting several of his (and ours) favorite demonstrations. He will explain them and provide written resources for teachers wanting to develop them. Those listed above are just a small sampling of what we expect to see.

Where: Johnson City High School

When: September 29, 2018

9:00 AM – 12:00 PM

Question??: Contact Chris Ruston @ cruston@jcschools.stier.org

RSVP: Fill out the google form
